CAREER OBJECTIVES

To work in a position that will help me to utilize my ability & encourage me to explore my inherent quality. To achieve this aim, I am determined to offer honesty, efficiency and sincerity to the optimum level.

EXPERIENCE

Web Developer Intern   – Remote

GAOTek Inc.

📅 09/2023 - 12/2023
📍 244 Fifth Avenue, Suite A31, Manhattan, New York, N.Y., 10001, USA

GAOTek Inc. is a leading US-based supplier of test and measurement equipment for fiber optic, telecommunications, networks, PSTN, CATV, environmental, chemical, and biomedical test and measurement instruments.

- Developed engaging and SEO-friendly content for new websites, boosting organic traffic and improving product visibility.
- Built WordPress websites for product pages, streamlining content management and presentation efficiency.
- Served as both assistant squad leader and squad leader, providing training for new interns and ensuring quality control in content creation and website development.

Trainee Cybersecurity   – Onsite

eTech Solution Ltd.

📅 06/2023 - 09/2023
📍 4-B2, Level-3, Concept Tower, 68-69, Green Road, Dhanmondi, Dhaka-1205

eTech Solution Ltd. is an IT Services Company that cost-effectively provides cutting-edge IT Services, focuses on developing innovative software solutions, offering management and testing services to its clients.

- Completed a 12-week hands-on Cybersecurity training program, gaining proficiency in vulnerability assessment, network security, and security incident response.
- Acquired hands-on experience with industry-standard tools, including Kali Linux, Wireshark, and SQL mapping, for effective threat detection and mitigation.
- Monitored evolving cyber threats, providing insights to the team regarding potential risks and their implications.

PROJECTS

Healthcare Info

🔗 https://github.com/Sowrov-Ahmed/HealthCare-Info

Healthcare Info is a comprehensive web application featuring user authentication, a dynamic admin dashboard with CRUD operations, and client functionalities, including signup, login, and access to healthcare resources.

- Front-End: HTML, Tailwind CSS, JavaScript, Next.js.
- Back-End: Nest.js, PostgreSQL.

Personal Blog

🔗 https://github.com/Sowrov-Ahmed/Personal-Blog

Designed and built a personal blog website using Next.js and MongoDB, featuring dynamic content management with Markdown files, inline media rendering, and a contact page with a MongoDB-backed forum.

- Developed By: HTML, CSS, JavaScript, Next.js, MongoDB.

Event Hub

🔗 https://github.com/Sowrov-Ahmed/EventHub

Event Hub is a Next.js web application offering dynamic event listings, filtering, sorting, newsletter registration, comments, and real-time HTTP request feedback via API routes and MongoDB integration.

- Developed By: HTML, CSS, JavaScript, Next.js, MongoDB.

Collaborative Task Management App

🔗 https://github.com/Sowrov-Ahmed/Collaborative-Task-Management-App

Developed a collaborative task management web application using React.js, enabling users to create, assign, and track tasks within teams while implementing user authentication and registration features.

- Developed By: HTML, Tailwind CSS, JavaScript, React.
